# FORTY - EIGHTH ANNUAL REPORT.

The past year has been outstanding and important in many respects. During the first half, the pressure on the accommodation and Staff, was at times very severe; the number of Patient days for the first six months (3510) being considerably in excess of any corresponding period, necessitating the appointment of an extra Staff Nurse, and emphasising the need for additional patient and staff beds and other facilities.

The proposed Maternity Unit called for much consideration, notwithstanding the fact that the scheme did not materialise.

The following record figures are extracted from the Medical Report, in the preparation of which Dr. Penistan has once more accorded his usual very helpful and welcome co-operation.

In-Patients .....	623	Other Patients .....	1257
Surgical Operations ..	555	X-Ray Examinations .	525

Mr. D. K. Lennox, F.R.C.S., has been added temporarily to the Staff of Consulting Surgeons and Doctors K. and Hilda Melzer have been appointed members of the Medical Staff. Arrangements have also been effected for Masseur treatment in appropriate "In-Patient" cases.

The various facilities continue to be used by Contributors to an increasing extent, the number of free In-Patients being 270, in addition to which X-Ray Examinations were accorded to 215 Contributors. This tendency has the effect of reducing the income from Patients and is largely responsible for the extra cost of free surgical, X-Ray and other services and payments to other Hospitals, all of which call for serious consideration.

It is noteworthy that the income from Contributors alone now exceeds the Hospital's income from all sources when the scheme was introduced fourteen years ago.

In common with most other Hospitals a serious set back was occasioned in the normal routine at the outbreak of War and for two months the demands on the Hospital fell much below the usual average.

Although contemplated efforts by the Dance Committee and other organisations were abandoned the total ordinary income has been astonishingly good, thanks to the generous manner in which practically all sections of the community continue to share the burden. Particular mention should be made of the further generous donation of £50 by Mrs. Agnes Robertson, the gift of £100 by Miss Marion Drummond "in memory of her Parents," the very acceptable donations by the Thornton-Cleveleys Hospitals Committee, the Fishing Vessel Owners' Association, the Ladies' Linen Guild, the legacy of £25 under the Will of the late Mrs. M. Mackereth and the never failing support of the Annual Subscribers.

During the year expenditure of a special nature included the provision of new interior water storage tanks and radiators, the purchase of a Stotts Geyser for the ward kitchen and an up-to-date combined anaesthetic apparatus, Blood transfusions set and other requisites for the Theatre. The expenditure on precautions against Air Raids, including material for screening windows, and for extra staff and higher remuneration have added to the burden, in consequence of which there is a rather serious deficiency on Income and Expenditure Account amounting for the past two years to no less than £517.

Fortunately the Capital Account has been strengthened in the form of a legacy of £400 bequeathed by Mrs. Mary Jane Jackson, late of Poulton-le-Fylde and the bequest of 500 £1 shares in the firm of Messrs. J. E. Baxter & Co., Ltd., Leyland under the Will of Mrs. Elizabeth Drysdale Huck, a former Fleetwood resident.

Grateful thanks are tendered to the many individual Organisations, Clubs, Societies, Schools, and Places of Worship which have continued to bear the brunt of the burden in financing the work carried on. Special mention should be made of the 3,399 eggs collected through the laudable efforts of the Fleetwood, Poulton, and Thornton-Cleveleys Girl Guides and Brownies, and congratulations are extended to the Officials and Members of the Hospital Saturday Committee on the successful result of their efforts.

The thanks of the Governors have been extended to Mr. Clifford Bowman, F.C.A., for his valuable aid and advice as Honorary Auditor for over twelve years.

The late Mr. Wm. Hodgkinson retained the position of Honorary Treasurer for a very brief period only but his long service as a Member of the House Committee and as Chairman of the Hospital Saturday Committee is gratefully

remembered. Mr. R. Forrester Addie, who held the position of Chairman during the years 1896 to 1903, was recently elected to the vacant position. The death of Mrs. Wilson Murray, which broke a long valued association with the Executive of the Ladies' Linen Guild and other Hospital activities, is regretted.

Immediately prior to the outbreak of war the most important future problem seemed to be whether the existing buildings should be enlarged or whether an entirely new and more up-to-date structure should be erected. If the latter alternative is favoured it may be advisable to consider whether such an expensive undertaking should be launched on the existing local voluntary basis or whether the circumstances call for the assistance and co-operation of the County Council. In addition the recommendations contained in the 1937 report of the Voluntary Hospitals Commission, presided over by Lord Sankey, should not be overlooked.

During the last few days, the capital sum of £1,700 has accrued to the Hospital under the terms of a deed of settlement made over ten years ago on behalf of and by direction of the Fleetwood Flood Relief Fund, and the Governors will doubtless desire to be associated with an expression of gratitude to the gentlemen responsible for this generous gesture. This and the other handsome benefactions previously referred to are doubly welcome at this trying time.

### REPORT.

**The Twenty-eighth Annual Parade and Flower Day** was held on Saturday, the 5th August, 1939. Favoured with a beautiful day, and aided by a very active and loyal Committee, the results of this year's efforts made it possible to forward the sum of £275 to the Hospital General Account.

The Procession was again well supported, and it was pleasing to have once more the assistance of several Bands which form an essential part of our Parade.

It is pleasing to note that the net proceeds from the procession this year proved to be a record, also the proceeds from the Garden Party, organised by Miss E. Oldham, and the Ladies' Committee.

The Breakfast Table Collection, under the direction of Mr. H. Smith, again proved its worth, with the loyal and generous assistance of the Ladies' Committee.

Unfortunately, inclement weather interfered with this year's Swimming Gala, and our thanks are due to Mr. W. Atkinson, and the Fleetwood and Blackpool Amateur Swimming Clubs, for their continued support.

We are again indebted to Mr. W. A. Shadbolt and the Bowling League for their contribution in organising a Bowling Tournament, also to the Fleetwood and Knott End Golf Clubs for their support in the Golf Competition. The continued assistance of the Fleetwood and District Homing Pigeon Societies is greatly appreciated.

The financial aid of the people who are not able to help as active members is gratifying, which is again shown in the list of donations. A new innovation was added to our efforts this year by the presentation of the "Fleetwood Rag Magazine," by Messrs. R. Lambert, T. Twiggs and E. G. Wright, which proved a great success.

I should like again to take the opportunity of thanking all workers for their efforts and to thank the general public for their generous support. More helpers who are prepared to give time and energy to assisting the Hospital, are required, and any such person is invited to join this Committee.

An "all the year round" effort is necessary to maintain the financial support of an Institution which, in these days of international tension, is more than ever necessary.

May the 1940 effort create fresh records.

W. MELVILLE, Chairman.
